INTRO

Air sacks I feel blown

Cloud 9 ni**a I'm stoned

This beat got me high you know

No intro Sunky is here you know

VERSE 1

Man I'm too big for your boots

Fire blazing when I step in the booth

I go ham on the mic never spit weak bars

Sh*t too hot I just let hell loose

Yes I'm black and proud we don't lose

I brought race to this track and you wonder why I cruise

I've got a mind of my own I do whatever I choose

I'm too big for your boots you can't walk in my shoes

Yeah you wanna bite but you're toothless

Too many seeds but fruitless

Thinking of how you gon stop me from getting it

Trust me I know you'd be clueless

Yes I walk but I leave the trail blazing

And I make it rain in whatever season

I've got way more bars than the prison

I've got way more bars than the prison (ah!)

Listen man don't snooze

Man I'm born hip-hop I'm never going blues

You can't walk as fast as me? You need new shoes!

Or you'll get left back like Christian Fuchs
All black! Everyday is a funeral
'cos I'll be steady killing rappers on a regular
We be VIP's they be regulars
Talk shii? Get off my cellular ... phone

CHORUS

Air sacks I feel blown
Cloud 9 ni**a I'm stoned
This beat got me high you know
No intro Sunky is here you know
Air sacks I feel blown
Cloud 9 ni**a I'm stoned
This beat got me high you know
No intro Sunky is here you know

VERSE 2

All I hear is whack man no tiny ounce of dope though
You should try some marijuana and maybe some coke though
You finally got high but your bars are still low
How manage can you not even sound better than VIC O
Rap isn't your way bro you should never go pro
Too much traffic on my songs but I never go slow (ah!)
I got team S.O.L I'm never riding solo
Trust me to forever lead while y'all would just follow (ah!)
Man I'm as ill as it gets
All these other rappers need show some respect
Have you got no etiquettes?
Have you got no etiquettes?
Now! See I own my time
No seasoning but I own this thyme

How many rappers look this fly
One advice don't even try
Hollup one time line's not porous
All about the money so these bi*ch*s gon chase us
Fake ass ni**as cannot play us
One chance one goal Gabriel Jesus
I sneezed on the beat and it got sicker
No procolds it needs pain killers
Wavy boy so I flow sicker
I'll be killing all these shows you be seat fillers

CHORUS

Air sacks I feel blown Air sacks I feel blown
Cloud 9 ni**a I'm stoned
This beat got me high you know
No intro Sunky is here you know
Cloud 9 ni**a I'm stoned
This beat got me high you know
No intro Sunky is here you know
Air sacks I feel blown
Cloud 9 ni**a I'm stoned
This beat got me high you know
No intro Sunky is here you know
